When is a Mobile Pass activated and non-activated?

Your Mobile Pass is activated when the first and last day of the Validity Period are defined. The Validity Period is defined if the start date and end date are showing under 'Validity period' in the My Pass section of the Rail Planner app.

Your Mobile Pass is non-activated when it is not activated.

Can an activated Mobile Pass be deactivated?

You can deactivate your Mobile Pass any time before the start of your chosen start date (00:00 CET on that day). Go to My Pass, tap the three dots on the top right, and tap 'Deactivate Pass'.

If the Validity Period has started, your Mobile Pass can no longer be deactivated.

How do you know when the last possible activation date is?

You can identify the last possible activation date in two ways:

- Under 'Activate by date' in the order confirmation email sent after the purchase of the Mobile Pass; or
- Under 'Activate this Pass by' in the My Pass section of the Rail Planner app (only applicable if the Mobile Pass has been added to the Rail Planner app and no validity period has been set).

How can you check if you purchased Plus?

If Plus was purchased, it will appear on the 'Payment confirmation' attached to your order confirmation email.

If you are still unsure, please get in contact with the Eurail Customer Service team for assistance.

What should you do if you see the message 'You currently have no order eligible for a refund' when checking your Account?

First, check the status of your Pass. If your Pass has been activated but the first travel date is in the future, you will need to deactivate your Pass before requesting a refund or an exchange.

Second, please check if you are logged in to the same account that was used when purchasing the Pass. If you are logged in with a different account, your Pass will not appear. You will then need to log into the same account used when purchasing the original Pass.

If you still cannot see an order eligible for a refund, please get in contact with the Eurail Customer Service team.

If your Paper Pass is lost or stolen, it cannot be re-issued (as a duplicate) or refunded. A new Pass must be purchased.

Promo Pass

The refund and exchange conditions for Promo Passes vary from promotion to promotion. Check the Promo Conditions to see if your Promo Pass is refundable and/or exchangeable. In all cases, however, if your Promo Pass is refundable and/or exchangeable, the following conditions always apply.

- We can't apply Promo discounts to regular Passes purchased before a Promo has started or after a Promo has ended.
- To request a refund or exchange, you will need to follow the standard refund or exchange process for Mobile Passes or Paper Passes (whichever is applicable).
- For exchanges, the promotional discount cannot be applied to your new Pass(es) if the promotion has already ended.

Seat Reservations policy

When can a Seat Reservation be refunded and/or exchanged? Your Seat Reservation is refundable and/exchangeable if the [Exchange and refund conditions for reservations](#) webpage allow it. You will just need to search for your Seat Reservation by the country of departure and ensure that you submit your request within the allowed timeframe.

Are unused Seat Reservations refundable and/or exchangeable? Unused and partially used Seat Reservations are non-refundable and non-exchangeable, unless permitted by the applicable refund and exchange policy.

What if the train was cancelled or you will miss it? If your train is cancelled or you will likely miss your connection, please do not use the refund steps set out below. Instead, please get in contact with our Customer Service team.

If you request a refund through your Account due to the cancellation of a train, a missed connection or for any other reason (including a change in plans), you will be

deemed to have accepted the refund conditions as set out in the [Exchange and refund conditions for reservations](#). Where this happens, we will not provide any further refund of the Seat Reservation purchase price.

- Once your refund or exchange request is submitted, your Seat Reservation ticket is no longer valid and cannot be used.
